Can Care

## Schedule management mobile application for cancer patients

⦿ Can Care is a scheduling application for Cancer patients to maintain a calendar for their upcoming therapy.

Caregivers can create profiles and calendars for their loved ones, and share them with the rest of the family and friends too. You can create as many calendars and profiles as you like, so you and everyone can keep track of your loved ones' appointments, progress, and wish lists.

Can Care

Light A Candles

Highlights

◉ Light A Candle is an app where customer can go and light a candle or say prayer in the worship places where they choose. This is if customer does not have time to go to the church but really wants to say prayer or light a candle

◉ Customer has an option to choose to do a donation or not and say a prayer or light a candle anyway.

◉ The payment then directly goes to the churches account by showing the name of the individual that did the donation.
